Spring Fling!

Spring Break Camp

#### April 13-16

Week of the Young Child

#### April 15

Arbor Day Celebration

Pioneer Center—11am

#### April 22

Earth Day

#### April 25

Family Fair

LMS—10am-2pm

#### April 29

Munchkin Party

1-4pm

Our school year is very nearly over! We have only a little over two months of preschool left and we are looking forward to making the best of each and every day that remains. This month is going to be filled with hands-on activities for your children. In April the children will be coloring grocery bags which will be handed out at local stores on Earth Day (April 22nd). We will also take walks around the neighborhood and clean up litter along the sidewalks. Please dress them in comfortable clothes and sturdy walking shoes. April is the month when many preschools and childcare centers in Pullman celebrate the Week of The Young Child. The theme this year is Work Together, Build Together, Learn Together. We will be celebrating with a school spirit week April 13-17th. On the next page is the list of spirit days for that week.

### May/June Tuition

Our May/June session will be combined as we only have one week of preschool in June. You may pay in two installments if you make arrangements with the office.

...brings May Flowers

# *Spirit Week*

*April 13-17*

*Parents, be sure to dress up  
your little one every day  
this week so they can join in  
the fun!*

*Monday: Crazy Day (funny  
clothes, messed up hair)*

*Tuesday: Pajama Day*

*Wednesday: Same as Tuesday*

*Thursday: Show your school  
sports spirit by wearing your  
favorite school or team colors*

*Friday: Same as Thursday*

## *Curriculum Corner*

*This month we will be finishing up the alphabet, and our theme is "The Earth and I". We will discuss the importance of taking care of the earth and simple ways we all can make a difference. We hope the children will gain an understanding of being stewards of the earth. Our goal this month is for the children to demonstrate awareness of the relationship between humans and the environment. We will try and accomplish this through planning our garden, neighborhood walks, trash pickup, and a recycling drive. We will collect items at school to deposit in the truck when it visits our school at the end of the month.*
